I just listened to your voice message from last night. I am not sure why I did not see it earlier.

Anyway, I was in the hallway when Ramras was talking to Bitney. Jay explained his idea of using some of the ocean ranger money to clean up beaches and the ocean. His view is that it would be very consistent with the intent of the people in the vote. John did indicate any support while I was there. Jay requested we at least read his material and talk to you. We did agree to that and I noticed that Jay left some paper for me to read today. I have not had a chance to read them.

Mike

Subject: volunteer speech

Kari - pls check May 4 (I think the caller just said that date) for a volunteer dinner that I've been invited to in Wasilla - a Correspondence School event where I was invited to speak - the gal (Janis Bishop 373-3570, 745- 5461) called my house this morning b/c she heard I was in town - said she's tried to get confirmation from our offices that I would or would not be able to speak at their dinner - told her I didn't know what sched. was that day, said someone would get back with her soon. (I haven't heard of this request)

Kris - I'm trying to get into town - can leave as soon as this phone stops ringing and a few more emails get sent. Then to funeral - if it goes long then I'll be late for diversity meeting, but tell them the funeral was my priority.

Meg - would you find out what the ballot language was the past two times voters said NO to airborne wolf hunts? Did it apply to fish and game managers - or just hunters? My son said he saw some ad that claims I broke promise to "do will of people" with my pred. control stance b/c voters already said NO to the practice.
